Shanghai, China | Phone: [Add] | Email: [Add] | LinkedIn: [Add] | Portfolio: [Add]

PROFESSIONAL EXPERIENCE

Finance Operations & Tax Specialist

Shanghai | May 2023 - Present

Confidential - Chinese Central SOE & Fortune Global 500 Company

- Rotated across cashier/treasury, accounting, and tax functions, building an end-to-end understanding of enterprise finance workflows, approval processes, system controls, and multi-entity financial data coordination.
- Processed treasury payments, operated the treasury system, reviewed payment documents, coordinated with banks, supported vouchers, and maintained payment documentation.
- Supported revenue accounting and month-end close through SAP bookkeeping, voucher preparation, reconciliations, invoice/collection checks, and cross-period adjustments.
- Supported tax filing preparation across multiple entities, including corporate income tax reconciliation, property tax calculation, tax data review, and analysis of accruals, reversals, and prior-year adjustments.

FOUNDER / VENTURE

Founder - Cross-border DTC Brand Operations

Lumo Pickleball - U.S. Market Personal Venture

- Founded and independently operated a U.S.-market DTC brand focused on custom pickleball paddles, personalized paddle edge tape, and related accessories.
- Managed Shopify and Etsy operations, including product listings, product page optimization, SEO content planning, pricing strategy, visual assets, and English customer communication.
- Built pricing and margin logic covering product cost, platform fees, payment fees, discounts, shipping cost structure, and target margins; designed individual and bulk-order discount strategies.
- Used Google Search Console, GA4, SEMrush, Photoshop, Canva, and AI tools for keyword research, content creation, product visuals, and customer-facing messaging.

SELECTED AI PROJECT

AI-assisted SEO & GEO Knowledge Base Platform

Personal Vibe Coding Project

- Built a personal SEO/GEO knowledge base prototype through vibe coding, using ChatGPT, Codex, NotebookLM, and DeepSeek for planning, code generation, summarization, and iterative debugging.
- Designed automated knowledge updates, optimization summaries, structured tagging, reusable prompt templates, and a visual dashboard for tracking key insights, optimization tasks, and learning progress.
- Extended the concept to SEO blog generation, finance/tax knowledge base structuring, reimbursement review assistant concepts, and financial news-to-ticker market intelligence dashboards.

INTERNSHIP EXPERIENCE

Data Analyst Intern

Lianwei Technology - Zhenshiming E-commerce Analytics

- Tracked and analyzed Zhenshiming e-commerce performance data; produced weekly insight reports and used Alibaba Data Bank and Alibaba Business Advisor to extract marketing insights.
- Analyzed pain points across traffic, conversion, product/category performance, and user behavior, contributing to 10%+ GMV growth during the 6.18 shopping festival.

Account Executive Intern

Social Touch - L'Oreal Social Media & Launch Campaigns

- Supported L'Oreal social media strategy for Douyin and other leading Chinese platforms; developed copy and short-form video ideas for new product launch, improving engagement by 5% within one month.
- Coordinated KOL selection, campaign timelines, materials, sample packaging/delivery, and cross-functional communication to support on-time campaign execution.
